Relay Notes:

- Relays are all mixed to allow flexibility to find swimmers who can do breast & fly in their divisions. No restriction of number of boys/girls. Just swim and have fun!
- Kids can be put on multiple relays. Form as many as you like, we'll swim 'till we run out of time.
- We have relays specific for Div 1, 2, 3 & Div 8 open to all.
- Coaches/older swimmers encouraged & expected to swim on relay teams. Great chance for the kids to see their coaches "in action" along with some team building.
- Bring relay entry cards with you. Form teams and enter at the meet.

Other Notes:

- Official times will be converted to 25m equivalents following the end of the meet. Times will be converted from the 30m (100 foot) pool length to a standard distance 25m equivalent using Colorado Conversion Settings (0.833 ratio). This file will be emailed to all coaches after the meet.

Event Notes:

- 6&under looking for 50m events, please enter in Div 1
- Relays are time permitting and there is no additional charge.
Meet End time is 8:00pm
- Coaches encourage to swim in the relays with their kids

Because our pool is 30m, not standard 25m, times will be converted to 25m time using a Hytek Conversion Factor of 0.833 (25/30)
